Treated Lumber >>

More than a billion board feet of lumber is saved every year by wood-preserving processes. Potomac's wood-preservation operation combines advanced computerized systems with unsurpassed quality control measures to produce lumber that exceeds all customer and quality expectations.

Our customers are among the most demanding in the world and they naturally expect the best. Our lumber is produced around the clock using numerous large-capacity cylinders. We have more than 300,000 square feet of covered warehouse storage space, allowing for just-in-time supply.
